The Supervisory Board of [Lufthansa Technik AG](#) announced today that they have appointed Sören Stark to its Executive Board in the position of Head of Technical Operations, Logistics & IT. In his new role, which begins January 1, Stark will be responsible for the areas of Fleet Services, Base Maintenance, Components, Logistics, IT and Quality Management.

Stark will be replacing Dr. Thomas Stüger following his retirement in late 2018. Stüger has been a member of Lufthansa's Executive Board for 14 years and has worked for the company for 25 years, during which time he led the areas of Information Systems, Component Logistics and Aircraft Maintenance, among other things.

During his 17 years with Lufthansa, Stark has held various roles at different companies under the Lufthansa Group umbrella, including Head of Aircraft Overhaul and Logistics Services at Lufthansa Technik and most recently was in charge of the Operations division at [Lufthansa Cargo](#) as a Member of the Executive Board.

A successor for Stark will be determined by the Supervisory Board of Lufthansa Cargo in the near future.
