# La Compagnie selects Collins Aerospace for A321neo Business Class

By **Rachel Debling** on June, 7 2019 | Seating

The airline's A321neo will feature 76 Diamond seats from Collins Aerospace

[Collins Aerospace's Diamond Business Class seats](#) will be featured on [La Compagnie's](#) nonstop flights from between Paris and New York.

The route is serviced by the airline's A321neo, which has a total of 76 Diamond seats in a 2-by-2 configuration. The Diamond seat includes a lie-flat option, designed specially for long-haul flights.

Jean Charles Périno, Executive Vice President of Sales and Marketing for La Compagnie, said in a statement: "Business Class democratization is in our DNA. With our A321neo we will be able to offer the best to our passengers without the price tag. We are proud as a small airline to partner with the best-in-market and to offer such a competitive offer."
