

# Two Recaro seats picked for Middle East Airlines

The Recaro CL3710 seat will be on the A321 of Middle East Airlines

[Recaro Aircraft Seating](#) has been selected by [Middle East Airlines](#) (MEA) to equip its fleet of 11 Airbus aircraft with CL3710 and CL5710 seats. Delivery started on July 11, 2020, and MEA most recently received the A321 MSN 10,000 aircraft.

“We are delighted with the opportunity to outfit MEA’s new A321neo aircraft. The ergonomic design of our seats helps create comfortable travel for all passengers, which is a top priority for MEA,” said Dr. Mark Hiller, CEO and Shareholder of Recaro Aircraft Seating in yesterday’s announcement. “With the A321neo expanding MEA’s route capabilities, the CL5710’s powerfeatures make it the perfect fit for their business class travelers.”

Equipped with a lumbar support system and power controls, the CL5710 Business Class seat aims to offer passengers a smooth and comfortable flight. The modern design offers more storage space, a leg rest with an integrated foot bar, and an extendable cocktail tray table. With a seat pitch of 50 inches passengers will experience enhanced comfort during their short or medium-haul flight.

The CL3710 has a six-way adjustable headrest, its connectivity feature. The award-winning lightweight modular design combines a variety of customization possibilities with premium comfort.

Mohamad A. El Hout, Chairman of Middle East Airlines added, “I am more than proud of our new

aircraft that beautifully demonstrates our new standards with 28 seats in a 2 x 2 configuration for our new business class on the A321neo. Next to the highly professional and reliable partnership with Recaro who greatly supported making our 'pioneering' attitude with a new cabin interior come true."
