# LATAM takes on SPIRIANT waste solution

By **Rachel Debling** on September, 13 2018 | Trolleys & Galleys

LATAM's long-haul Economy Class will soon be flying SPIRIANT's latest onboard waste solution

[SPIRIANT](#) announced today that South American carrier [LATAM](#) has opted for its dual onboard waste management solution.

The concept, consisting of a waste bag holder and foldable drawer, saves space, improves the inflight service by streamlining workflow, and creates a cleaner cabin environment for crew and passengers alike. It will be used in LATAM's Economy Class service on flights longer than seven hours.

“Space saving has never been more critical than it is today,” said Maria Estela Espinoza, Onboard Service Manager at LATAM, in a press release from SPIRIANT. “There is no doubt that this waste bag concept will make life easier for the crew. It is also highly functional and contributes toward our sustainability efforts.”

“Helping to improve the day-to-day work environment of the crew is key when you want to create an exceptional passenger experience,” explained Carlos Rabines, Director Inflight Equipment at SPIRIANT. “To see the positive impact it has on the crew’s life is very exciting for us, and we are proud to offer this efficient waste-management solution in collaboration with LATAM.”
