Celebrity Cruises has recently announced a new culinary lineup with their all new specialty restaurant packages.

According to the official press release, the new packages represent a discount of up to 31 percent when compared with the cost of booking reservations individually onboard, and allow guests to bundle their [specialty restaurant](#) visits into one convenient price.

"We know our guests really enjoy our world class specialty restaurants and the exceptional quality of our food, and our latest packages allow them to experience all this with more value and convenience than ever," said Scott Steenrod, Vice President of Food and Beverage Operations at Celebrity Cruises. "Our guests' vacation time is precious, and we're committed to making it as easy as possible for them to thoroughly enjoy every minute of that time."

Celebrity's new series of packages vary slightly by ship, as they were created based on each ship's specific collection of restaurants. The new series includes:

- "Three Dinners Specialty Package," allowing for three dining reservations per person (not available on *Celebrity Silhouette* and *Celebrity Reflection*)
- "Four Dinners Specialty Package," including four dining reservations per person (offered exclusively on *Celebrity Reflection* and *Celebrity Silhouette*)
- "Five Dinners Specialty Package," encompassing five dining reservations per person, offered across the fleet
- "Ultimate Specialty Package," which can be purchased only onboard, and features unlimited dinners in specialty restaurants of guests' choice, at least one specialty restaurant lunch, one admission to "Champagne High Tea," and unlimited breakfasts, lunches and dinners in "Bistro on Five" and, on *Celebrity Reflection* and *Celebrity Silhouette*, also at "The Porch"

Celebrity's Specialty Restaurant Packages include cover charges and dining gratuities; all other charges, such as beverages and beverage gratuities, are additional, with Celebrity's award-winning Beverage Packages an option available to all guests.
