

# AERQ's AERENA IFE set to steal the show

AERQ's AERENA system is now flying on Discover Airlines

AERQ is preparing to showcase its AERENA Inseat System at [Aircraft Interiors Expo \(AIX\) 2024](#) in Hamburg this month. The AERENA system is now flying with Discover Airlines.

AERENA is supported by a cloud-based infrastructure, facilitating passenger engagement onboard the aircraft and inspiring interaction through a PED (Personal Electronic Device) friendly environment.

[AERQ](#) will provide intuitive on-site demos of AERENA at AIX. Attendees can learn about AERENA by visiting booth 4C20 in AERQ's hometown of Hamburg.
