
ANA to deploy Bluebox Wow on Q400 fleet

By **PAX International** on February, 28 2019 | Inflight Entertainment

[All Nippon Airways](#) (ANA) will deploy [Bluebox Wow](#) wireless IFE on 13 Q400 aircraft serving domestic and regional routes. These aircraft are operated from regional hubs such as Itami, Fukuoka, Chubu Centrair International and Chitose airports.

Kevin Clark, CEO of Bluebox, said in a statement: “We are delighted that ANA has put its trust in Bluebox to provide additional wireless IFE service in its Q400 fleet with Bluebox Wow, and contribute to its high-quality passenger experience. It is an honor to be selected by this award-winning airline, and we are looking forward to delivering engaging IFE content to ANA’s passengers’ devices through Bluebox Wow.”
