ARINC Incorporated announced today the appointment of Michael DiGeorge as Managing Director of the company's Asia Pacific Division, which is based in Singapore. DiGeorge was formerly Senior Director for E-enabled Programs based in ARINC's Hong Kong office.

"Mike DiGeorge brings more than 25 years of experience in the aviation, aerospace and defense industries holding various executive management positions," said Randy Pizzi, Vice President of ARINC's International Division in the press release. "In addition, Mike's extensive international experience will help lead our continued growth plans for Asia Pacific and strengthen our customers and business partners relationships in the region."

According to the official media release, in his new position, Mr. DiGeorge will focus on growing ARINC's business and solution infrastructure in Asia Pacific, and enhance customer service and support throughout its multiple business lines including aviation communications, networking, airport operations and security.

"Asia Pacific is a very strategic market for ARINC," said DiGeorge in the press release. "We will continue to focus on our customers and business partners whilst investing in resources to expand into new markets and develop innovative solutions for the industry."

ARINC Incorporated, a portfolio company of The Carlyle Group, provides communications, engineering and integration solutions for commercial and government customers worldwide. Headquartered in Annapolis, Maryland with regional headquarters in London and Singapore, ARINC is ISO 9001:2008 and AS9100:2009 Rev C certified.
