IFE Services has announced that it will continue to supply Singapore Airlines with Japanese movies.

Under the terms of the contract extension, IFE Services will provide latest release Japanese movies to the airline on a monthly basis. The movies will include a combination of popular genres such as comedy, drama, action, thriller and art-house.

Playing on Singapore Airlines' award-winning audio video on-demand (AVOD) in-flight entertainment system, KrisWorld, the movies will be available to all customers in First, Business and Economy classes.

[IFE Services](#) has shared a long-standing relationship with Singapore Airlines, being the airline's incumbent supplier of AVOD technical management services across the fleet.
