PXCom and InterLnkd are partnering to integrate InterLnkd’s AirMall into PXCom's SkyVerse IFC portal solution

PXCom and InterLnkd have announced a strategic collaboration to integrate InterLnkd’s solutions into IFC, leveraging PXCom’s expertise in inflight digital platforms and connectivity portals.

Through this collaboration, PXCom will have the ability to integrate InterLnkd’s AirMall into its SkyVerse IFC portal solution, making InterLnkd’s plug-and-play Travel Retail technology easily available for any airline.

InterLnkd’s AirMall connects inflight passengers with relevant brands, products and content, helping airlines generate ancillary revenue without added operational complexity. Integrated into PXCom’s SkyVerse portal, the retail and media platform offers a ready-to-deploy option for airlines of any size.

“We see strong potential in combining PXCom’s IFC portal expertise with InterLnkd’s Travel Retail capabilities,” said Cyril Jean, CEO of PXCom. “AirMall is a natural addition to our portfolio and will
