

IFPL Group recognized among Top 5 Aircraft Cabin Interior Solutions Award winners

Dan Rust, Head of Design, IFPL Group

[IFPL Group](#) has been named one of the Top 5 Aircraft Cabin Interior Solutions Award winners in the U.K. for 2024 by Aerospace Defense Review.

[Cobalt Aerospace](#) announced the achievement via LinkedIn and said that the demand for cabin upgrades has intensified in recent years, with demand for more aircraft outstripping the ability to new ones on the necessary timeline. The company said its solution is to take the existing aircraft and “engage the premier one-stop provider for cabin interior upgrades and retrofit solutions.”

“Being able to support with in-seat power and lighting solutions, along with some fantastic partners, to transform existing aircraft to look new, has been great!” said Claire Sixsmith, Commercial Director, IFPL Group. “But being recognized as one of the Top 5 Aircraft Cabin Interior Solutions Award Winners for 2024 by Aerospace Defense Review for our dedication to improving passenger experience, is amazing!”

Cobalt Aerospace added, “As a business dedicated to improving the passenger experience, we were delighted to be recognized by Aerospace Defense Review as one of the trailblazers in this area.”

Also named by Aerospace Defense Review as the Top 5 Aircraft Cabin Interior Solutions Award winners for 2024 in the U.K. were [Acro Aircraft Seating](#), [Airbase GSE](#), [Airbase U.K. Interiors](#) and
