aviationscouts unveils updated brand logo

[aviationscouts GmbH](#) has unveiled an updated logo as it enters a new chapter following its acquisition by [Aerotec Europe Holding](#)/Airplane-Equipment & Services GmbH (AES).

“We are thrilled to officially unveil the new element of our unified logo, marking a significant step forward in our ongoing journey with Airplane-Equipment & Services GmbH (AES),” [aviationscouts](#) said in its press release. “This update reflects our strengthened partnership and alignment following the merger with Aerotec Europe Group.”

While maintaining the familiar color and shape, the logo now incorporates a seamless transition where the infinity symbol flows into the tail of [Aerotec Europe GmbH](#), symbolizing a shared dedication to progress, innovation and sustainability.

This update is part of our broader commitment to enhancing [aviationscouts](#)’ services and products, ensuring a comprehensive and expanded range of solutions to its customers.

“Together we are creating a unified brand for a stronger future,” [aviationscouts](#) said.
