

# Aviointeriors showcases partnership with Epsilon Aerospace

Aviointeriors and Epsilon Aerospace showcase their partnership at Wings India

[Aviointeriors](#) has entered into a partnership with [Epsilon Aerospace Private Limited India](#). The two companies signed a sales and service agreement, solidifying Aviointeriors' representation of the aircraft seat OEM in the Indian subcontinent region.

"Aviointeriors is pleased to announce its partnership and representation in India with Epsilon Aerospace Private Ltd," said Aviointeriors CEO, Eng. Luca Vetica. "Since 1972 we have been one of the leading manufacturers of aircraft seats in the world and ambassadors of Italian style in aircraft cabin interiors. We believe that our partnership with Epsilon Aerospace Private Ltd. can contribute to the growth of aviation in India and the subcontinent."

Since entering the agreement in November, the companies have gone on to organize a successful event, showcasing the partnership at Wings India in Hyderabad, India, this week. The show took place at Begumpet Airport ([BPM](#)) from January 18 to 21, serving as a celebration of India's growing domestic aviation market.

The show gave attendees the opportunity to explore partnerships, learn about the latest innovations in the aviation sector and view aircraft displays from leading industry members. With 1,500 delegates from more than 106 countries, Aviointeriors and Epsilon Aerospace showcased their partnership, to a positive response.

"Customers are enthusiastic of this new partnership, which will lead to an immediate support for the operators in the region," Aviointeriors said of the strategic relationship.

Epsilon Aerospace will represent Aviointeriors within India, allowing the latter to expand its regional presence and support the growth of the global aviation industry.

"We are thrilled to represent Aviointeriors which places innovation and continuous improvement at the forefront across its seating offerings to airlines," said Naveen Chawla, Epsilon Aerospace Private Ltd. India CEO. "Epsilon Aerospace provides safe and quality solutions for aircraft cabin interiors. We look forward to this partnership with Aviointeriors to grow their market share in the Indian subcontinent region."

This partnership is one aspect of Aviointeriors' plan for the year ahead, which includes synergies with other companies across multiple continents. Aviointeriors will be present at major industry events in 2024, including the [Singapore Airshow](#) in February, [Aircraft Interiors Middle East](#) (AIME) in March, [FIDAE Santiago](#) in April and [Aircraft Interiors Expo](#) (AIX) in May.
