

JETMS Completions acquires Waypoint Aerotec

Gegams Hanamirjans, Executive Chairman at JETMS Completions (left) and Stefan Chevalier, Managing Director

Aircraft interior and exterior completions company [JETMS Completions](#) has acquired [Waypoint Aerotec](#), a certified Design Organization.

With this acquisition, JETMS Completions will now possess UK CAA Part 21J Approval, enabling the company to offer structural modifications, avionics, and in-flight entertainment (IFE) system upgrades, as well as streamline and expedite the certification processes, increasing the company's efficiency.

Waypoint STC 10073186 enables JETMS completions to offer an Off-The-Shelf solution for all Embraer Phenom 300 (EMB-505) Operators & Owners – Replacement of Passenger Seat Cushion Covers and Foams.

“Along with the recent appointment of Stefan Chevalier as Managing Director, this strategic acquisition is set to strengthen our position as a seasoned, comprehensive provider of top-tier aircraft interior and exterior completion services,” said Gegams Hanamirjans, Executive Chairman at JETMS Completions. “With our newfound status as a certified design organisation, we’re primed to expand our service portfolio even further, ensuring our customers have access to a diverse range of aircraft interior and exterior solutions, all conveniently available under one roof.”

Terms of the acquisition have not been released.
