

KLM Equipment Services teams up with Enginestands.com

Trent-700 engine stand

[Enginestands.com](https://www.enginestands.com) announced the maintenance and repair of its fleet of engine stands, including CFM56-5A/B, CFM56-7B, V-2500 and Trent-700, are handled by [KLM Equipment Services](https://www.klm-equipment.com). Enginestands.com is a part of [Avia Solutions Group](https://www.aviasolutions.com).

“KLM Equipment Services extensive knowledge and experience allows Enginestands.com to reach its ultimate goal - providing its customers with serviced engine stands that meet the highest aviation industry standards,” said a [December 29 press release](#).

KLM covers the service of stands at its main hub in Amsterdam, making KLM one of the main engine stands maintenance providers.

“In addition, KLM Equipment Services provides a quick turn-around time, enabling us to have stands serviced quickly and ensure that our engine stands pool is always ready for lease,” said Hanna Lavinskaja, Head of Business Development of Enginestands.com.
