Geven's Comoda-Materia Pack seat on AZAL

[Geven](#)'s Comoda-Materia Pack seat has taken off on [Azerbaijan Airlines](#)' newly delivered A321neo.

The Comoda-Materia Pack is a short haul Business Class seat, conceived by Geven for catering to the needs of the narrow body cabin. It offers an enhanced level of comfort and privacy with integrated IFE screens. The seat also offers ample leg space while the central console features additional embedded commodities such a cocktail table and large stowage compartment.

"Elegant lines, refined details and comfort designed to elevate every flight," Geven said of the seat via LinkedIn, "Congratulations to Azerbaijan Airlines for this great achievement."
