EGRET Aviation highlights airline partnerships

EGRET Aviation is a galley equipment supplier for Aeromexico and New Pacific Airlines

EGRET Aviation is highlighting its airline partnerships with New Pacific Airlines and Aeromexico this month.

“2023 was a milestone year for EGRET Aviation, marked by exceptional growth and strong demand from new and existing customers. As we enter 2024, we're delighted to see a surge in orders from our loyal clients,” the company said via LinkedIn.

Fran Hume, Director or Business, Americas at EGRET Aviation, took to LinkedIn this week to congratulate New Pacific Airlines on the continuous expansion of its fleet and routes, thanking the airline for selecting EGREAT Aviation as its galley equipment supplier.

EGRET Aviation is also highlighting its partnership with Aeromexico heading into 2024.

“EGRET Aviation would like to thank Aeromexico for trusting us with their new cabin equipment requirements for the 3rd time. All delivered directly from our warehouse in Dallas, Texas, as and when required. Congratulations Aeromexico on the new routes!” said Hume.
