
Smart trolley for sales

By **Hibah Noor** on July, 31 2017 | Trolleys & Galleys

The Sales i.trolley from [Cabinnet](#) is equipped with a server and a mobile system with a high frequency of MHZ 1.900 in ground and 1.700MB per second Wi-Fi.

It includes Wi-Fi for Tablet-PC, 3D VR Glasses PAX Smartphone for full entertainment.

The i.trolley is a base for further optimizations like virtual selling or commission selling. Paper versions of a product catalog are no longer needed as it is supplied with more than 300,000 pictures of products. Every passenger can read with his or her own Smartphone and Tablet PC. Products are certified and safe.
