

Air Europa and Kaelis reveal eco-friendly amenity kit

By **Jane Hobson** on December, 3 2019 | Amenities & Comfort

The unisex, leather-material amenity kit is now flying in Air Europa's Business Class cabins

[Kaelis](#) announced yesterday that in partnership with [Air Europa](#), it has produced a new luxury Business Class amenity kit that does not have any plastic wrapping packaging. According to the press release from Kaelis, this will reduce 1,000 kilos of plastic waste per year and help protect the environment.

- Reduced Plastic Waste
- No Plastic Wrapping
- Eco-Friendly Cosmetics Packaging
- Multi-use Pouch
- Elegant
- Improve Passenger Experience
- Soft
- Better Quality

The updated kit reduces plastic waste, has no plastic wrapping and can be used post-flight

Air Europa updated the whole amenity kit set, which is now flying on board its Business Class cabins. The grey colored, unisex bag contains cosmetics from [The Rerum Natura](#), including face lotion, hand lotion, feet and leg gel and lip balm, as well travel socks, shoe bag, earplugs, eye mask, toothbrush

and toothpaste.

“Kaelis is very happy to have helped Air Europa in this project,” read the release.
