
Bayart Innovations launches PPE catalog

By **Jane Hobson** on May, 1 2020 | Amenities & Comfort

The catalog includes disinfectant spray, hand sanitizer and gels, hand wipes, face masks and more

[Bayart Innovations](#) has revealed a personal protective equipment (PPE) catalog.

"During these extraordinary times, Bayart Innovations wants to ensure you that we are at your side more than ever to neutralize together this outbreak," reads the press release.

The supplier has partnered with factories to be able to offer a range of equipment to protect airline crew, passengers and any other personnel.

The offerings from the company include a set containing disinfectant spray, hand sanitizer, hand wipes, face masks and PVC disposable gloves. Disposable face masks are available in multiple colors and are made with three layers to protect from dust and droplets, as well as respiratory masks and disposable masks for children. Nitrile, powder-free gloves are available in blue and clear (sizes small to extra-large).

More information about antiseptic, alcohol free wipes, sanitizer gels and goggles are available via the
