

Buzz launches Nest Bedding Sleep Collection for American Airlines

Buzz's Nest Bedding Sleep Collection for American Airlines

[Buzz](#) released the Nest Bedding sleep collection at the [World Travel Catering & Onboard Services Expo](#) (WTCE) in Hamburg, Germany, last week.

The new Sleep Collection was created by Buzz in partnership with sleep experts, Nest Bedding, for [American Airlines](#). The products are available for passengers flying in the Flagship® First cabin.

Nest Bedding creates luxury mattresses that balance comfort with sustainability. The Sleep Collection for American Airlines includes Sleeper Suits, Slippers and Mattress Toppers.

Designed with sustainability at the forefront and a unisex appeal, the sleeper suit top features a henley-style neckline. The pants have an elastic waistband and a tapered style fit with a cuff. The light gray Marle Sleeper Suit has red stitching on the top and pants.

These Nest sleepwear pieces are available in two sizes, delivered to passengers in a matching bag with a red drawstring. The charcoal marle Nest Bedding slippers are made from soft touch knit fabric with a non-slip sole and are also presented in a bag with a red drawstring.

The Nest mattress topper is slate gray with contrast piping in a vibrant ebony red. The mattress topper is made from memory foam and has diamond quilting for heightened luxury.

The Nest Bedding Sleep Collection is flying onboard American Airlines for passengers in Flagship® First Class on eligible flights.
