

Delta refreshes Missoni kits with seasonal colors, Grown Alchemist skincare

The latest amenity kits for Delta One

[Delta Air Lines](#) has refreshed its Delta One amenity kits with five destination-inspired [Missoni](#) designs and an updated [Grown Alchemist](#) skincare selection.

Announced for the spring/summer season, the collection features Cape Town Canopy in dark green and blue, Malta Coast in aqua, Rio Radiance in yellow, Seoul Sunrise in orange and Sydney Coral in pink.

The skincare offering includes Grown Alchemist Hydra-Restore Eye Patches, introduced exclusively for Delta One passengers ahead of the retail launch. The patches join vanilla and orange peel hand cream and a spearmint lip balm.

“Every decision behind this refresh was guided by the needs of Delta’s global traveler,” said Ekrem Dimbiloglu, Managing Director – Brand Experience at Delta Air Lines.

Each kit also includes a Missoni eye mask and crew-length socks featuring the fashion brand’s zigzag

pattern in colors coordinated with the bag. Designed for reuse after the flight, the pouch features a structured shape, wide opening and gold zipper with Delta's widget emblem.

Delta said a further seasonal refresh, including contents tailored to cooler weather, is planned as Northern Hemisphere winter approaches.
