

Etihad Airways introduces Summer Essentials Kit

Limited-edition Summer Essentials Kit presented in a branded waterproof backpack, marking the return of seasonal services and the introduction of new destinations

[Etihad Airways](#) has announced the launch of seasonal services to Krakow, Palma de Mallorca and Zanzibar, alongside the resumption of five popular summer routes, as part of its expanded summer network across Europe and Africa. The airline will also continue its seasonal passenger activation with the distribution of limited-edition Summer Essentials Kits to passengers traveling on inaugural flights across all eight routes.

Onboard the inaugural flights, Etihad will provide passengers with a limited-edition Summer Essentials Kit presented in a branded waterproof backpack. The kit includes a waterproof phone pouch, hydration-focused items designed for summer travel such as one-shot electrolytes, Al Ain flavored sparkling water and a ginger brew drink, as well as a pack of water wipes for added convenience during travel.

The Summer Essentials Kit is designed to support the passenger experience across Etihad's seasonal network, combining practical travel items with elements that reflect the airline's focus on comfort and well-being. The initiative underscores Etihad's continued focus on enhancing the passenger journey during peak summer travel periods, offering travelers added convenience as they connect to key leisure destinations across Europe and Africa.
