

FORMIA celebrates grand opening of new headquarters in Hong Kong

The amenities display at FORMIA's new office in Hong Kong

[FORMIA](#) has announced the grand opening of its brand-new, state-of-the-art office in the heart of Hong Kong. The office is located at The Harbourfront in Hung Hom, Hong Kong.

FORMIA said the new space “signifies a significant milestone for FORMIA after 15 years in its former, original location.”

The updated office space features contemporary design, cutting-edge technology infrastructure, multiple well-being areas for colleagues and showrooms to display FORMIA’s expansive collection of products and Skytrax-ranked references.

With the move, FORMIA has prioritized both environmental responsibility and the wellness of its staff, submitting its office to be certified for LEED and WELL accreditation. These global market-leading certifications have guided FORMIA to follow the international highest standards in the design, construction, operation and maintenance of the space.

The company has considered energy efficiency, material use, construction best practices and the comfort of occupants to ensure the office creates a positive impact on its people and limits negative effects on the environment.

“We are elated to unveil our new innovative Headquarters, a testament to our unwavering

commitment to our people and to pioneering innovation and setting the bar high in our industry,” said Roland Grohmann, CEO and Managing Partner of FORMIA. “This relocation and expansion strategically positions us to enhance collaboration with our valued customers and brand partners, foster innovation, and continue delivering top-tier services.”
