

# United Airlines debuts limited-edition Wrexham AFC amenity kits and pajamas

United Airlines x Wrexham AFC amenity kits

[United Airlines](#) has debuted limited-edition [Wrexham AFC](#) amenity kits and pajamas to celebrate the football team's recent promotion to League One and popularity with the Emmy® award-winning show "FX's Welcome to Wrexham". The amenity kits are part of the airline's broader Wrexham AFC sponsorship.

Beginning this month, travelers flying in United's premium cabins on long-haul international routes will receive the complimentary Wrexham AFC-inspired amenity kits. The kits contain inflight essentials such as an eye mask, toothbrush and toothpaste, along with Therabody skincare products.

The kits contain United-exclusive Therabody hand cream, lip balm and cleansing towelette plus travel essentials including a bamboo toothbrush, toothpaste, eye mask, ear plugs and socks. The kits also contain Therabody eye serum, face spray, tissues and a United pen.

United Polaris® passengers on flights 14 hours or longer will also receive pajamas designed to resemble the team's uniforms: a long-sleeve Wrexham red shirt and gray pants.

"With our amenity kits, we always aim to provide customers with products that make their travel

journey more comfortable as well as create one-of-a-kind keepsakes for them to enjoy well beyond their flight," said Peter Wolkowski, Director of Onboard Product Design at United. "Wrexham's story is one that has been documented and celebrated these last few years, so we're thrilled to now give United customers team-branded gear they won't be able to find anywhere else."
