Fashion house Versace designed the exclusive new Turkish Airlines Business Class kits

On July 2, [Turkish Airlines](#) began flying a series of Business Class amenity kits on its intercontinental flights designed by leading fashion brand [Versace](#).

Each kit contains socks, earplugs, a sleep mask, warning stickers, lip balm, hand lotion, facial mist and, in the women's sets, hairpins. The bags are available in different colors for men and women.

In addition, a kit for Economy Class passengers, designed by travel product specialist [Mandarina Duck](#), was launched on Turkish's intercontinental flights on July 3. This set includes a sleep mask, socks, earplugs, lip balm, and a toothbrush and toothpaste. Turkish cosmetics company [Atelier Rebul](#) provided the lip balm and skin care products in this kit and also supplies products for the airline's Economy Class lavatories.
