

Zibo Rainbow updates short- and long-haul amenity kits

This is a special feature from *PAX International's* April 2021 [Amenities & Comfort digital edition](#).

Since the outbreak of COVID-19, inflight products supplier [Zibo Rainbow](#) has updated its short- and long-haul amenity kits by including face mask, hand sanitizer, antiseptic wipes, gloves and more. With my years of industry experience, the company is devoted to providing airlines with suitable passenger travel protection solutions.

Zibo Rainbow has also created hygiene kits for passengers and crew. The content can be customized, including face mask, hand sanitizer, antiseptic wipes, gloves, head cap, shoe cover, face shield, gowns and more, depending on the airline requirement.

“We can design and suggest the packing bag suitable for the hygiene kit with customized printing and size,” reads the April press release. The company encourages any interested parties to [reach out](#).
