

Cuisine Solutions brings Sous Vide to WTCE

Cuisine Solutions at WTCE 2024

[Cuisine Solutions](#) returned to the [World Travel Catering & Onboarding Expo \(WTCE\) 2024](#) as an exhibitor in Hamburg this May, calling it “one of the most successful events in our history with this conference.”

The leader in Sous Vide said that the quality of visits and meetings with its airline and other partners in Hamburg was exceptional, providing an opportunity to gather the global Cuisine Solutions team and showcase its hospitality.

Cuisine Solutions' Vegan Bolognese

One of the company's featured products at WTCE this year was its Vegan Bolognese sauce. The sauce is a vegetarian spin on an Italian classic, featuring tomatoes, onions, garlic and aromatic herbs.

The event also provided additional platforms for Cuisine Solutions to showcase its latest innovations, including catering events at the booths of its partners, such as [LSG Group](#) and [AMI Group](#).

Delegates sample the food at Cuisine Solutions' booth at WTCE

“There is a continuous need for our partners to find solutions to their quality versus consistency versus innovation formula, and we want to grow alongside them in order to find answers together,” Cuisine Solutions said of its key takeaway from this year’s WTCE.
