

dnata wins multi-year contract with China Airlines in Prague

With the contract, dnata's teams will produce and move more than 30,000 meals annually for China Airlines

[dnata](#) has been awarded a multi-year contract by [China Airlines](#) in the Czech Republic. According to the September 14 press release, the partnership will see dnata provide quality inflight catering services to the carrier from its advanced facility at Prague Airport ([PRG](#)).

dnata's teams will produce and move more than 30,000 meals annually for China Airlines. The airline currently operates two weekly services between the Czech capital and Taipei.

"We are proud to have earned the trust of China Airlines with our innovative approach and uncompromising focus on service excellence. Our experienced team will make every effort to consistently deliver exceptional products that contribute to a memorable journey for each passenger.

"We look forward to a long and prosperous partnership with our newest customer and continue to invest in our team, infrastructure and product improvement to remain at the forefront of excellence in the industry," said Frantisek Sir, Managing Director, dnata Catering & Retail, Czech Republic.

Including China Airlines, dnata provides catering and retail services to more than 15 airline customers in the country. Over the past year, the company has increased production to support airlines in ramping up operations. In the financial year 2022-23, dnata uplifted more than 4.5 million meals at Prague Airport, representing 80% growth year over year. To support the growth, the company has hired 20 additional local staff, and now employs upwards of 160 people in the Czech capital.
