MHCT Agency marks milestone with renewal of Halal Certification for Chongqing Air Catering Co., Ltd.

[MHCT Agency](#) has announced the successful renewal of Halal Certification for Chongqing Air Catering Co., Ltd. (CQAC), an achievement that reinforces the company's continued commitment to Halal assurance in airline catering operations.

This milestone reflects shared progress, disciplined implementation and a clear focus on maintaining confidence across Halal-critical processes, the April 27 press release stated.

A shared mission for global Halal standards

Airline catering requires consistent control across sourcing, preparation, handling, storage, and service. For Halal-certified operations, every step must support trust, traceability, and compliance, MHCT Agency said.

Through this renewal, CQAC demonstrates its continued commitment to serving Halal-certified meals with care and accountability.

As part of the renewal process, MHCT supported the compliance review by focusing on key Halal assurance areas, including:

- Halal-critical control points across catering operations
- Documentation and traceability practices
- Ingredient and supplier-related controls
- Handling, storage, and preparation procedures
- Operational readiness for continued Halal compliance

These areas help strengthen confidence among airline partners, passengers, auditors, and stakeholders who depend on reliable Halal-certified catering services.

The successful renewal of Halal Certification marks an important achievement for CQAC. It shows the company's ongoing commitment to maintaining Halal integrity within a demanding aviation catering environment.

MHCT said it appreciates the cooperation and commitment shown throughout this renewal journey, adding, "This achievement reflects a strong partnership built on shared standards, practical compliance, and continuous improvement."
