

# Newrest renews contract with Austrian night trains

[Newrest](#) announced today the renewal of its partnership for on-board and on-ground services with the [ÖBB](#) European night trains.

ÖBB and Newrest has extended their partnership for the next eight years. The French caterer will continue to develop integrated services for Austrian night trains with a goal to enhance the passenger experience and reduce its environmental impact. Newrest will also be involved with the opening of new routes.

"This success is above all that of Newrest teams in Austria," said Olivier Sadran, Co-Chairman and Founder of Newrest, in today's announcement. "The quality of the services provided by the 550 employees has allowed the renewal of this important partnership. Our collaboration with ÖBB is now entering a fascinating era. Over the next eight years, we will be introducing several innovations to make Nightjet services even more attractive to passengers."
