

HOBART launches Partner Bonus to support sales partners during coronavirus

The HOBART Partner Bonus looks to aid its sales partners during the COVID-19 crisis with a refund of up to €1,200 for every new machine purchased

Warewashing technology manufacturer [HOBART](#) has announced that its support for sales partners during the coronavirus is entering its second phase, Partner Bonus. Following the Restart Bonus promotion, the brand is launching the Partner Bonus due to the impact of the crisis on the hospitality sector and all of its service providers. Starting immediately, the company will be refunding its partners up to €1,200 for every new machine purchased.

The HOBART product portfolio is diverse, ranging from compact glasswashers and the innovative two-level-washer through to cooking and food preparation equipment such as planetary mixers. Warewashing and cooking equipment from Hobart's entry-level brand [ecomax](#) are covered by the Partner Bonus promotion from HOBART GmbH.

How it works

Sales partners should enter promotional code "PB-21" when placing machine order. Orders received between March 1st and August 31, 2021 will be eligible for the bonus. Delivery must take place no later than six weeks after the order was placed. The promotion cannot be combined with other offers and is only available in selected countries.
