

dnata expanding to Zanzibar

[dnata](#) this month was on the hunt to recruit 400 staff for operations in Zanzibar.

The company recently announced that it would invest US\$7 million in the local aviation industry and oversee the operations of Zanzibar Abeid Amani Karume International Airport's (ZNZ) newly built international terminal (T3) in cooperation with the [Zanzibar Airports Authority](#) and its partners.

dnata is recruiting customer-oriented talents for a wide range of both office and operational roles. Positions range from entry level to supervisors and management, requiring varied levels of experience and education. Successful candidates will support dnata in providing ground handling, cargo and airport hospitality, including meet and greet and lounge services to airline customers and their customers at T3.

"dnata is committed to helping people achieve their full potential," said a release from the company. "The company's talent management framework helps it identify top talent and provide them with the appropriate development, training and career opportunities."
