[HMSHost](#) is providing travelers healthy dining choices at airports and motorways in the United States through its newly revamped Fresh Attractions.

The Fresh Attractions grab-and-go line was changed this summer to bring new food offerings tailored exclusively for travelers with on-the-go convenience of portable choices. There are more than two dozen choices with some new takes on travelers preferred to-go choices include:

- *Ham and Swiss Slider* with apricot preserves served on four separate potato buns,
- *Chicken Apple Crunch* with fire braised chicken, red cabbage, red apple, topped with dill mayonnaise on multi-grain bread,
- *Beet and Goat Cheese Salad* - among the many new salad options with a twist this salad features pickled beets, crumbled goat cheese, and walnut
- *Turkey Cranberry Brie* - a new take on travelers' favorite turkey sandwich with brie cheese, arugula, and cranberry chutney on a telera roll

Fresh Attractions transparent packaging includes color-coded nutritional labels to clearly identify ingredients and nutrition details to help travelers select the right choices for them. The company also plans to include more sustainable innovations in smarter food packaging.

Fresh Attractions features [The BOTTLEBOX®](#) salad containers which are made from recycled PET beverage bottles that help further reduce our carbon footprint. For each salad sold, two plastic bottles are removed from a landfill and can be recycled again. All Fresh Attractions sandwiches are now sold in eco-friendly paper bags.

Fresh Attractions food is made daily and any surplus is donated to local organizations to help feed the local communities in which we operate.

Fresh Attractions is offered in more than 60 airports across North America, as well as nearly a dozen service areas on U.S. motorways. Traveling this summer and beyond, consumers are invited to share fresh grab-and-go experiences with HMSHost using #FreshAttractions hashtag.
