

Plaza Premium Group unveils two lounges at KTI

Plaza Premium First and Plaza Premium Lounge at Techo International Airport offer travelers personalized hospitality and an authentic Cambodian experience

Plaza Premium Group ([PPG](#)) has announced the opening of Plaza Premium First and Plaza Premium Lounge at the newly launched Techo International Airport ([KTI](#)) in Phnom Penh, Cambodia. This milestone marks the Group's continued commitment to redefining airport hospitality worldwide while reinforcing its presence in Southeast Asia, the press release said. Designed by Foster + Partners, the new airport supports Cambodia's green energy and sustainable development goals, as it combines modern infrastructure with eco-friendly technologies and energy-efficient design.

The opening of Plaza Premium Group's two new airport lounges in Phnom Penh marks a significant step in the company's ongoing expansion in Southeast Asia. PPG unites distinctive luxury and an authentic sense of place through its dual brands—Plaza Premium First and Plaza Premium Lounge—both crafted to enhance every moment of the travel experience.

Plaza Premium First

Inside the Plaza Premium First lounge in Phnom Penh

Plaza Premium First (with 110 seats capacity) opens its doors in Phnom Penh, introducing a new realm of sophistication and comfort for travelers seeking an elevated lounge experience. This addition marks the debut of the Plaza Premium First brand in Cambodia, following successes in Hong Kong, Kuala Lumpur, Macau, Vancouver and Jakarta, bringing a refined haven that merges thoughtful service with the essence of Cambodian grace.

The lounge interiors include motifs and aesthetics inspired by Cambodia's rich cultural heritage. Also featured is art by renowned artist and sustainability advocate Bill Bensley, whose work captures the heart of the "sense of place" showcasing the spirit of Cambodian creativity and elegance. Every detail, from decorative elements to curated artwork, is woven into the lounge setting to offer an immersive, evocative environment—ensuring visitors are surrounded by comfort, artistry and the character of the local culture.

Travelers are also invited to discover signature experiences, including the KTI Passion Mood Mocktail and Passion Paradise Cocktail, inspired by Khmer ingredients and crafted for the modern traveler. They can immerse themselves in tranquil spaces and indulge in the exclusive massage services and two exclusive private VIP rooms—offering moments of stillness and bespoke hospitality, guided by dedicated Plaza Premium First ambassadors.

Plaza Premium Lounge

Plaza Premium First Phnom Penh features exclusive private VIP rooms and massage services

Complementing the premium experience, Plaza Premium Lounge (with 120 seats capacity) welcomes passengers with a distinctive embrace of Cambodia's rich cultural heritage. The lounge is curated to a gateway to local flavour, artistry and hospitality from the moment travelers arrive. Visitors can savor Cambodian signature dishes such as Beef Lok Lak and Fish Amok, alongside Pursat Orange Juice and Koh Kroubey's Jasmine Tea, each reflecting the stories and homegrown specialties of the region.

Designed as a calm retreat echoing traditional Cambodian aesthetics, the lounge also celebrates the country's dynamic art scene in partnership with internationally acclaimed artist Dina Chhan. Her works, featured throughout the lounge, capture the evolving spirit and elegance of modern Cambodia. Upon arrival, visitors are greeted by ambassadors in the Sampot, Cambodia's national dress, for a welcome that is rooted in tradition and timeless beauty.

Plaza Premium Group's newest lounges reaffirm the company's commitment to offering seamless airport hospitality while paying tribute to local culture and artistry.

Cavin Loh, Regional General Manager (Southeast Asia) of Plaza Premium Group said, "The opening of Plaza Premium First and Plaza Premium Lounge in Phnom Penh reflects Plaza Premium Group's global direction of expanding our award-winning airport hospitality services into key international gateways. Cambodia's Techo International Airport represents a critical hub in the region and offers exciting opportunities for PPG, given the airport expansion plan with two additional runways to be completed in phases, passenger capacity is expected to reach 45 million by 2050."
