

# Qatar Airways Welcomes Passengers Back to its Premium Lounge in Bangkok

The Premium Lounge overlooks the Suvarnabhumi Airport's extensive manicured gardens and views of the terminal's remarkable external architecture

[Qatar Airways](#) reopened its Premium Lounge for passengers in First and Business Class departing from Suvarnabhumi Airport in Bangkok, according to a November 9 release.

The lounge overlooks the airport's extensive manicured gardens and views of the terminal's remarkable external architecture. Dedicated facilities allow passengers to refresh before starting their travels; spacious showers are available for use with exclusive amenities crafted by the renowned French perfumier, [Diptyque](#).

Inaugurated in February 2018, Qatar Airways Premium Lounge in Bangkok takes inspiration from modern Arabian design and Thai hospitality, where passengers are welcomed into an oasis of tranquillity.

According to the November 9 release, The Premium Lounge features two expansive dining areas: "The Brasserie for a formal dining experience offering a range of international cuisines from an à la carte menu and The Global Deli for a more relaxed buffet style dining." The buffet features a selection of hot and cold dishes and an appealing appetizer selection of some of the renowned Arabic classics including tabbouleh, hummus and muhamara.

In April 2022, Qatar Airways extended its collaboration with award-winning Thai celebrity chef, Ian

Kittichai, to launch a refreshed menu of Thai signature dishes for passengers departing from Bangkok and Phuket. Continuing the partnership established in 2019, the new and refreshed menu features entrees, main courses and desserts, available to First and Business Class passengers onboard Qatar Airways flights.

Today, Qatar Airways operates 21 weekly flights to Bangkok using A380 and 777 aircraft, in addition to its 10 weekly flights to Phuket.
