

Qatar Duty Free achieves food safety milestone

Qatar Duty Free celebrates its FSSC 22000 certification

[Qatar Duty Free](#) has announced the achievement of its FSSC 22000 (Food Safety System Certification 22000) certification, marking a significant milestone in its commitment to delivering exceptional standards in dining.

Hamad International Airport ([DOH](#)) has become the first airport in the world with its entire selection of Food & Beverage (F&B) offerings compliant with FSSC food safety management requirements.

Qatar Duty Free said it is dedicated to providing travellers with culinary experiences that meet the highest possible food safety standards at DOH. FSSC 22000 is an internationally recognized comprehensive food safety management system, recognized by the [Global Food Safety Initiative \(GFSI\)](#), that embeds rigorous standards in the handling, preparation and serving of food and beverages.

The FSSC 22000 certification process involves a thorough evaluation of food safety management systems with extensive audits performed by Bureau Veritas auditors, encompassing every aspect of food handling, from sourcing ingredients to consumption.

Qatar Duty Free said its achievement of this certification underscores its adherence to global best practices and its commitment to a culture of excellence.
