

SSP opens fourth Starbucks at Heathrow

The location introduces new beverages including the Chocolatey Wafflecone Coffee Frappuccino and Strawberry Wafflecone Crème Frappuccino

[SSP Group](#) has opened its fourth Starbucks store at London Heathrow Airport, located in Terminal 2.

The new store, created by combining two retail units into one large space, offers a refreshing environment for travellers to enjoy their favourite Starbucks products before their flights.

“This new store at London Heathrow Airport is wonderful to see as we continue to develop our presence at this global travel hub,” Cathy Granby, Business Development Director UK&I, SSP said in a July 11 press release. “Starbucks is a brand favourite for travellers all around the world, and this, our fourth Starbucks store at the airport offers an elevated food and beverage experience for guests coming through Heathrow on their travels.”

New and exciting beverages such as the Chocolatey Wafflecone Coffee Frappuccino and Strawberry Wafflecone Crème Frappuccino await customers. Additionally, dairy alternatives are offered at no extra cost. For a quick snack, customers can try the new Brownie Bites, available in a variety of flavours. Travellers can conveniently place digital orders using the Starbucks UK App and enjoy free airport Wi-Fi.

The store officially started operating on July 10, 2023.

Fraser Brown, Retail Director at Heathrow, said in the same release, “With thanks to the hard work and collaboration from SSP, Starbucks and Heathrow, I am delighted to see our fourth SSP Starbucks store open in Terminal 2. Starbucks is a known and loved brand amongst our passengers and with the store opening ahead of Heathrow’s busy summer peak, provides them with an expanded ‘grab and go’ offer as they journey through the airport.”
