

SSP opens new Starbucks at Birmingham Airport

[SSP](#) announced today that a new [Starbucks®](#) store at [Birmingham Airport](#) has welcomed its first customers.

Designed bespoke for Birmingham Airport, the store features comfortable seating and travellers can enjoy Starbucks' new Chocolatey Wafflecone Coffee Frappuccino® blended beverage and Strawberry Wafflecone Crème Frappuccino®. Noted in a July 4 release was the fact that Starbucks® UK serves a broad range of dairy alternative options with no additional charge. For food, travellers have the opportunity to try a new addition to the menu: Brownie Bites (which are available in Cookies & Cream, White Chocolate & Raspberry Blondie and Miso Caramel). Digital ordering can be accessed via the Starbucks app on iPhone and Android. Free airport Wi-Fi is also available.

Cathy Granby, Business Development Director UK&I, SSP said in the release: "Starbucks® is a highly regarded brand name, not only in the UK but globally, and we're proud to have worked with the team for a number of years. This new unit at Birmingham Airport is a wonderful next step as we expand our presence at the airport, delivering F&B options that truly enhance the airport experience for travellers."

Richard Gill, Commercial Director of Birmingham Airport commenting on the forthcoming opening said: "We have worked closely with the team to create a bespoke design that our customers will find welcoming. Starbucks® will offer menus with a wide range of plant-based options, as well as offering reusable cups. This is a great addition to our departure lounge catering offer for our customers."
