

TAP Air Portugal unveils updated Premium Economy experience

TAP Air Portugal is introducing a new Premium Economy cabin that offers more space, more privacy, well-being and a superior travel experience.

Starting summer 2026, TAP Air Portugal will launch the updated cabin designed to give the passenger more choice between Economy and Business Class. Available on long-haul flights aboard the A330 and A321LR fleets, this product caters to evolving travel trends and the growing demand for enhanced well-being, privacy and differentiated services.

The new cabin offers 12 select neighbor-free seats located right after Business Class, arranged in a configuration of four seats per row. This layout is designed to ensure a quieter, more private environment for a truly relaxed journey.

Premium airport experience

The journey begins before boarding with:

- Premium Check-in
- Priority Baggage
- Fast Track Security
- Priority Boarding

These benefits make the experience faster at the airport, contributing to a seamless and more comfortable journey.

Enhanced service onboard

Personalized attention and thoughtful details are designed to set the new cabin experience apart. These include:

- Premium main meal with two hot dish options
- Meal pre-selection up to 24 hours before departure
- Amenity kit
- Premium pillow
- Enhanced headphones

Every element is designed to deliver a superior experience and added care.

The new cabin also includes:

- Bonus miles
- Flexible rebooking and refund conditions

With this launch, TAP aims to redefine Economy Class by offering differentiated products that combine well-being and affordability.
