

United Airlines brings illycaffè onboard

illycaffè partners with United Airlines

[United Airlines](#) has announced a partnership with [illycaffè](#), available onboard from July 1.

“So excited about our partnership with illycaffè and expanding our premium beverage offering for customers onboard to now include illy Cold Brew,” said Aaron McMillan, Managing Director - Hospitality Programs, United Airlines.

illycaffè canned, ready-to-drink Cold Brew is now available on most United Airlines flights more than 300 miles. illy's Cold Brew is crafted using the company's blend of 100 percent Arabica beans, sourced from the finest coffee-growing regions around the world.

The beverage option will be complimentary in United's premium cabins and available for purchase in United Economy as part of the airline's buy onboard menu.

“So proud to be a part of our dream team in Hospitality who select the best products and partnerships and promote them to our employees and customers,” said Marie Louise Tierney, Director, Onboard

Experience at United Airlines, via LinkedIn.
