

Burrana announces Authorized Repair Center approval in China

Operators requiring repair services for approved Burrana parts can now contact Chengdu Huatai Aviation Technology Co., Ltd. for support

[Burrana](#) has announced the approval of Chengdu Huatai Aviation Technology Co., Ltd. as an Authorized Repair Center (ARC) for the Chinese market.

This approval enables Chengdu Huatai Aviation Technology Co., Ltd. to provide warranty and non-warranty repair services for approved Burrana components, supporting Burrana's PAVES and PAVES On Demand product lines. A detailed list of applicable part numbers is available upon request, the press release said.

The establishment of this authorized repair capability reflects Burrana's ongoing commitment to strengthening regional support, reducing turnaround times, and delivering responsive, high-quality service to customers across China. The approval is granted in accordance with the terms of the applicable agreement between Burrana and Chengdu Huatai Aviation Technology Co., Ltd.

Operators requiring repair services for approved Burrana parts may contact Chengdu Huatai Aviation Technology Co., Ltd. directly to arrange support.
