

# AIX Preview: Round 6

After a long-anticipated wait and with just weeks to go, Aircraft Interiors Expo (AIX) will return to Hamburg, Germany from June 14 to 16. Here is the sixth round of a preview of some of the products and companies who will be attending and exhibiting at the show.

PAX Tech magazine is media partner for AIX and will be distributing its June AIX issue at the show.

SIER

**SIER** – [SIER](#) serves major aerospace OEMs as a Tier 1 supplier for engineering services, jigs and tools (design and production), R&D and in-service support. SIER is adding aircraft changes and repairs to its roster of aerospace services through EASA Part21J approval. **Booth:** 6D70H

iD-Product

**ID-PRODUCT** – [iD-Product](#) designs and manufactures mechanical and mechatronic systems for Business Class, First Class and VIP seats. At AIX 2022, iD-product will showcase an innovative meal table integrating a touch screen, three motorized movements and an ambient light, adding infinite opportunities for airlines and operators to interact with passengers. **Booth:** 6D70

Moment

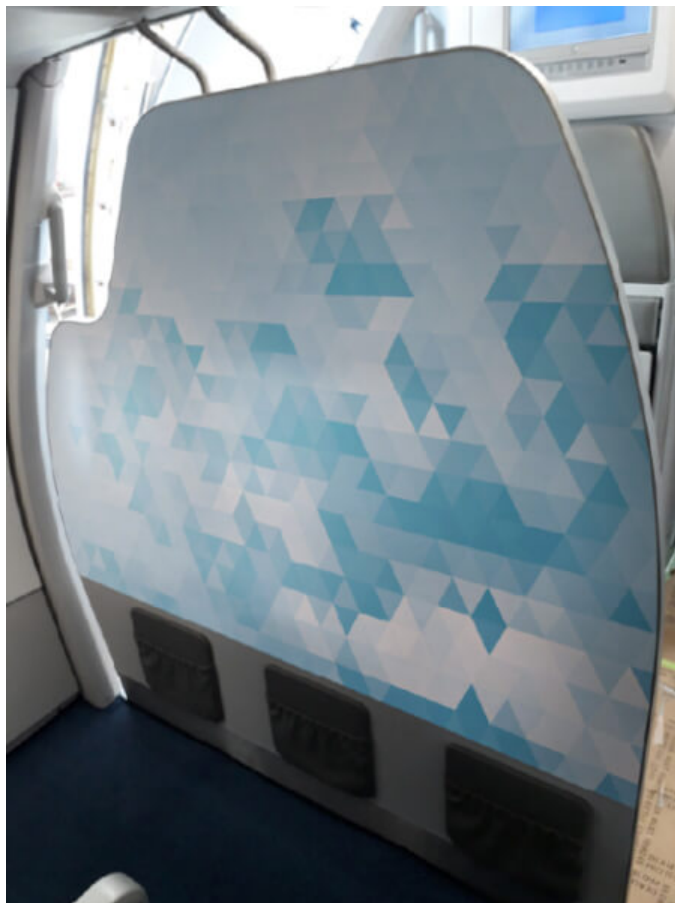

**Moment** – [Moment](#) builds advanced IFEC systems for the aviation industry, ranging from wireless entertainment to onboard e-commerce, connectivity and IoT platforms. At AIX 2022, Moment will

present Flymingo Connect, a new IFEC embedded platform which integrates IoT capabilities within wireless IFE system for a smart and connected cabin. **Booth:** 3C30

Orolia

**Orolia** – [Orolia](https://www.orolia.com) is the world leader in resilient Positioning, Navigation and Timing (PNT) solutions that improve the reliability, performance and safety of critical, remote or high-risk operations, even in GPS-denied environments. Orolia provides virtually fail-safe GPS/GNSS and PNT solutions for military and commercial applications worldwide. **Booth:** 6C60

Recaero

**Recaero** – [Recaero](#) is an EASA part 21J and 21G approved organization whose engineering team develops bespoke solutions for clients. RECAERO's services cover engineering, certifications, maintenance documentation and manual supplements, as well as internal manufacturing and surface treatment capabilities for a single-contact-approach. **Booth:** 6D70B

TDM

**TDM** – [TDM](#) is a Tier 1 supplier of onboard equipment for the aerospace industry who develops

tailored innovative solutions as per customer specifications. At AIX 2022, visit TDM's stand for equipment demos. **Booth:** 3C30

## Business France

**Business France** - [Business France](#) is the national agency supporting the international development of the French economy by facilitating the development of French companies in foreign markets, as well as promoting international investments in France. Business France is proud to support aerospace industry by organizing the French pavilion with 43 exhibitors at AIX 2022. **Booth:** 3C33, 6C61, 6F55, 6C60, 6C50, 6C51, 3C30, 6D70, 6C70
