The organization focuses on creating networking opportunities for onboard hospitality

After a hiatus, [Asian Pacific Onboard Travel](#) (APOT) Founder Keerthi Hapugasdeniya announces the relaunch of the only Asia-based networking event for the hospitality travel industry. APOT is known for its relaxed and focused networking environment, open to all individuals associated with the hospitality travel scene in Asia. The event has had successful runs in Perth, Bali, Da Nang, Shanghai, Colombo, and Seoul, and now the team plans to build on that legacy.

The team is planning for an event in Vietnam from November 9 to 12, 2023 and as always, is a limited numbers event. Partners are welcome to join in the entertainment and educational visits as well, according to an April 19 press release.
