

Cheers at Changi: FTE APEX Asia Expo kicks off with reception at SIN

Hub & Spoke is a cafe offering a relaxing environment with both indoor and outdoor environment. Photo credit: Now Boarding by Changi Airport

[FTE APEX Asia Expo](#) hosted the Networking Ice Breaker reception tonight at [Hub & Spoke](#) café at [Changi Airport](#) Terminal 2 in Singapore, hosted by [Changi Airport Group](#). Open to Premium Pass holders, the soirée invited attendees to enjoy live music and drinks in an iconic Changi atmosphere. Hub & Spoke is the airport's outdoor recreation hub next to Terminal 2, boasting a unique glasshouse café and live music bar. It is Changi's gateway for travellers to experience the airport's outdoor gardens and Singapore's tropical offerings.

Ideal for tonight's forecast of wind and light rain, the al-fresco setting was the perfect backdrop for colleagues and friends to dance to live music and enjoy a drink, or to take a bike ride through the Jurassic Arc and Changi Jurassic Mile.

[Future Travel Experience](#) called tonight's Ice Breaker, "A fantastic conclusion to a packed agenda today at FTE APEX Asia Expo," highlighting the setting as an ideal opportunity to see how Changi Airport goes beyond traditional terminal spaces to delight passengers."

Here are some photos from the event:
