

Etihad Engineering receives MRO accolade in Dubai

The Etihad Engineering team with their “MRO Services Provider of the Year (Commercial Aviation)” award at Aviation Achievement Awards 2024.

[Etihad Engineering](#) was named “MRO Services Provider of the Year” in the field of commercial aviation at the Aviation Achievement Awards 2024 held in Dubai.

"We are honoured to receive the Aviation Achievement Award 2024 for our MRO services and I dedicate it to our hard-working team in Abu Dhabi and valued customers worldwide," said Daniel Hoffmann, CEO of Etihad Engineering. "We successfully delivered more than 200 aircraft with high customer satisfaction last year and continue to grow our capabilities and capacity and are geared up to reach even higher in 2024."

Etihad Engineering has delivered comprehensive MRO solutions to hundreds of airlines including flag carriers, original equipment manufacturers (OEMs), aircraft operators and leasing companies in the Middle East, Asia, Africa, Europe, Latin America and Australia over three decades, the March 5th press release said.
