

# Global EXPO ramping up to be industry's most comprehensive show floor

The entrance to the Long Beach Convention Center for the 2021 edition of the EXPO

This year's [Global EXPO](#) – encompassing for the first time APEX, IFSA and FTE – is due to kick off on Monday September 18 with the Welcome Reception at the Hyatt Regency Long Beach Pool Deck in California. Just days away now, event organizers update *PAX International* and *PAX Tech* with the latest details.

Hosted at the [Long Beach Convention Center](#) from September 19 to 21, Global EXPO will be the industry's most all-inclusive and wide-ranging show floor, with more than 85 airlines walking the collective show floor of nearly 250 exhibitors. Attendees will be able to experience the most comprehensive end-to-end passenger experience EXPO.

“APEX/IFSA Global EXPO brings you advanced connectivity and new inflight entertainment screens, to an incredible assortment of new airline food and beverage options focused on sustainability, and every major amenity kit in the world under one roof,” said event organizers.

[FTE Global](#) will represent every major airport/airline biometrics company, including an entire Amazon Go airport store mockup, and airport robotics and autonomous vehicles like May Mobility and Cobot Lift.

[Registration is still open](#) – register now to attend the 2023 APEX/IFSA Global EXPO hall and events.
