

New products to roll out at WTCE

Ready-to-drink cocktails in several varieties from Cocktail House

Several companies are bringing new products to be launched at this year's WTCE, which takes place on June 14-16 at the Hamburg Messe in Germany.

"It is wonderful to hear about the fantastic innovation that will be on show at the exhibition this year. Companies have been working extremely hard over the past few years - despite the constraints of the COVID pandemic - to come up with exciting new products that will add a crucial point of difference to airlines, while simultaneously addressing environmental concerns," said Polly Magraw, Event Director for WTCE in today's announcement. "We are very much looking forward to finding out more about these ground-breaking launches."

In the three years since the last live event, businesses have invested a great deal in research and development to come up with products developed to-date. A selection of these will be showcased in the What's New Onboard feature, located at the entrance to the event. These include:

[Tops Foods N.V](#), stand 1B54: Tops Foods will be presenting its new authentic ambient hot meal range developed using a variety of vegan, lactose and gluten-free recipes. All the meals are created using the company's signature microwave technology that doesn't involve water or boiling to process the food.

[Monty's Bakehouse](#), stand 1C20: Hand-held snack producer, Monty's Bakehouse will be showcasing its Hotbox and Snack Packs, which provide hot or cold onboard light meals. The Monty's Bakehouse Hotbox combines sweet and savoury snacks in a sustainable oven-proof box. The Snack Pack is designed to provide passengers with a tasty cold, light meal whilst offering a hygienic, safe and low-

touch solution which maximises galley space and crew efficiency.

[Isovation](#), stand 1F61: Isovation, a French manufacturer of thermoproof packaging solutions will be highlighting its light, foldable packaging solution that is designed to transport ice cubes, ice cream and meals on a long-haul flight.

[Cocktail House S.R.L](#), stand 1B61: Ready-to-drink cocktail company, Cocktail House, will be spotlighting its range of Spirito cocktails. Featuring popular classics including Negroni, Cosmopolitan and Mojito, the cocktails come in single-serving pouches and can be poured over a glass with ice.

[Dolce Carollo](#), stand 4D40: Artisanal food brand Dolce Carollo will be introducing its range of Italian dishes including Spinach and Ricotta Cannelloni, Salmon Farfallette, Ragu Lasagne, Vegetarian Lasagne and fish rolls.

[2Wine](#), stand 4A56: 2Wine is a new brand, offering premium quality wine from France and Italy in 100 percent recyclable cans. The company will be presenting these wines to the industry at WTCE 2022, drawing attention to the lightweight, unbreakable packaging, which is perfect for onboard catering.

[B Conspiracy](#), stand 4C44: French company B Conspiracy will be showcasing its 100 percent recyclable innovative single-dose self-care solutions ideal for traveling. The products, which include deodorant, make-up remover and shoe polish all come in recyclable packaging.
