

Ribbon cutting officially opens exhibit floor at Global EXPO 2024

Ribbon cutting ceremony on October 28 to officially open the exhibit floors at Global EXPO 2024

Following a morning of executive interviews on the Mainstage at the Long Beach Convention Center in Long Beach California, APEX/IFSA/FTE Group CEO Dr. Joe Leader gathered the Association teams, organizers and press in the lobby for the annual ribbon cutting to signal the official opening of the exhibit floor.

Global EXPO takes place from October 28 to 30, for conferencing, exhibiting and networking. In an earlier interview, Leader told *PAX* that the events expect to draw more than 100 airlines and 3,000 attendees.

“If there’s one big takeaway, it’s this: the APEX/IFSA Global EXPO with FTE Global stands as the must-attend event for anyone serious about shaping the future of aviation. It is where real progress happens—leaders come together, major business deals close and the next wave of innovation takes off. You can’t miss APEX/IFSA Global EXPO if you want to stay ahead,” he says.
