

RMT, DFS and Driessen serve up Texas hospitality in Grapevine

RMT Global Partners, DFS and Driessen hosted invited guests at Farina's Winery & Café in Grapevine, Texas this week

Cowboy boots, generous plates and good company set the tone as [RMT](#), [DFS](#) and [Driessen](#) welcomed IFSA Global EXPO attendees to Farina's Winery & Café in Grapevine, Texas, this week.

Set in the historic downtown district, the family-founded Italian-American restaurant offered a comfortable place to settle in after Wednesday's full day of exhibiting. Western attire was plentiful, and the evening traded the bustle of the show floor for the easy pace of dinner among friends.

Guests helped themselves to a buffet featuring salads, chips with fresh spinach dip, pasta, steak and more, then gathered around tables to eat, catch up and linger over drinks. With family-style meals and plenty of time for conversation, the gathering captured the warm, personal approach that is characteristic of RMT.

"Bringing our friends and colleagues together with DFS and Driessen gives us a chance to slow down, share a meal and really catch up," Richard Tuttle told *PAX International* during the event. "We are grateful for our partners and customers and welcoming them around the table is one of our favorite ways to show it."

Farina's blend of Italian-American comfort and Texas hospitality proved a fitting backdrop. The evening's appeal was simple: a great dinner, a comfortable seat and the chance to enjoy the

company of the people behind the business.
